DRIVER

## About Me

## Senior iOS Developer

My name is Khouv Tannhuot. I graduated with a bachelor degree in Management Information System(MIS) from Setec Institute. Currently, I am working as a Senior iOS Developer. My duty is to maintaining and developing an existing/new application, translate design and wireframes in to code, build and maintain high performance reusable code, identify and correct bottlenecks and fix bugs, working with socket io, push notification and prepare app for submit to test fight and app store. I can learn new technology quickly to keep my performance up to date. I can speak three languages: Cambodian, English, and Thai.
